Superintendent Of Schools Ronald D. Jenkins

To The Telstar Class of 1994:

Since I have only been here since July, I have not had the opportunity to get to know you as well as I would like to have. I do know from observing you in the corridors, and listening to the faculty that you are a class of many talents, ambitions, and expectations for the future.

As you leave us in search of the future please remember that whatever is in store for you is dependent upon whatever you choose to do to make it happen. YOU are the future. Continue to learn whether in a formal setting such as a college or vocational school, in the workplace, or while raising your own families. And as you learn, come to realize that the most important part of learning is to learn to care, to care about yourself, to care about others, and to care about our global community.

I wish you well.

TO THE CLASS OF 1994

You have just completed four years of preparation towards your life's goals. It is my hope that you do not look at graduation as the final achievement, but rather as the beginning of more to come. As always, some of the classes have to work harder than others to achieve their goals.

An inscription in Hopkins Memorial steps at Williams College, Williamstown, Massachusetts (author unknown) reads as follows:

Climb high
Climb far
Your goal the sky
Your aim the stars

As you set and achieve future goals, may you also put your best efforts into them so that you will be proud and want to preserve them as you would a fortune.

My best wishes to you!

Principal
Theodore R. Davis

Assistant Principal
Carroll Higgins

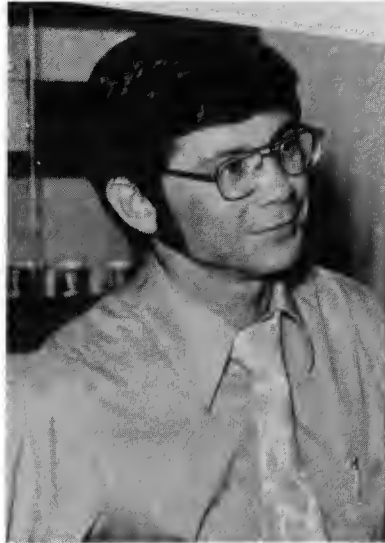

TO THE CLASS OF "94"

As you leave Telstar High School, I'm sure you take a lot of memories of shared experiences with you. You have watched each other grow physically, academically, socially, emotionally. You have cried and laughed, triumphed and failed, and worked and played secure in the knowledge that your friends and classmates were going through most of these experiences with you.

Now you march down the aisles of Telstar one last time together as a class, knowing you have to use the tools and skills you have gathered here to build individual futures that will make your lives full, productive and satisfying. Your paths will lead in many directions and distances.

It is sometimes hard to say goodbye, but we cannot hold you back. It is your time now. We wish you well, and look forward to someday saying, "I knew him, or her, way back when . . .".

DEDICATION

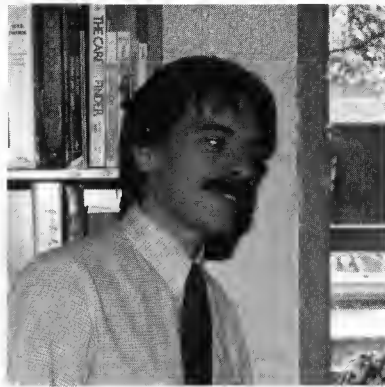

Mr. Richard Roy

Mr. Roy:

You taught us about our bodies and our minds. You taught us about plants and animals, but most of all Mr. Roy, you taught us perseverance. We know that your dedication to teaching is what has kept you with us over the past few years. Even in ill health you came to give us an education and only when your body said you could no-longer be with us did you not come to school.

We know that in your heart and mind you would be here if you could. For all you have given us Mr. Roy, we thank you. Words can never say how great our loss is in not having you at Telstar anymore.

May life be good to you and give you all the peace, love and joy you deserve.

Mr. Daniel Hart

Mr. Hart

Guidance Counselor and friend: How do we say "thank you" for all you have done for us.

You gave us guidance in our personal lives, our school lives and our future lives. As our friend you shared experiences with us to show us that no matter how bad life got there always was a bright star out there for us.

District Wide you started many programs that have benefited not only the student body at Telstar but also the community. Some of the many programs are:

- NHS Blood Drives
- NHS Student of the Month
- NHS Thanksgiving Dinner for Sr. Citizens

- Career Week
- Self Groups
- Boston-Telstar Exchange
- SAD #44 Crisis Intervention Team
- Job Search Workshops for SRs.
- National School Counseling Week
- SAD #44 Guidance Advisory
- Suicide Prevention Workshop
- Post-Secondary Planning Workshops for Jrs/Srs/Parents
- Parent Nights
- Summer School
- Senior Scholarship & Awards Night

To say that we will miss you is an understatement. Your Guidance, leadership, and friendship will be missed. We wish you success in your new job at NOVA.

Thank you Mr. Hart.

School Administration District #44 was formally organized on 8/16/85. Telstar Regional High School opened its doors for the first time for the class of 1968-69. Named after the Telstar Satellite in Andover and designed by Wadsworth, Boston. Dimic, Mercer and Weatherill Architects with the landscaping done by Charles Landscape Architects. The school served Andover, Bethel, Newry, Greenwood, Woodstock and Locke Mills. There was a delay in the installation of equipment and finishing of areas in the classrooms so the opening day of classes was postponed from Sept. 11 to Sept. 19, 1969.

SAD #44 has had nine superintendents since it opened its doors in 1969.

| | |
|-------------------------------|-------------------|
| 1. Horace P. Maxcy | 08-1965 - 06-1967 |
| 2. Ralph K. Ryder | 07-1967 - 06-1970 |
| 3. Robert J. Gerardi | 07-1970 - 06-1972 |
| 4. Basil E. Kenney | 07-1972 - 06-1976 |
| 5. N. Kenneth Smith | 07-1976 - 06-1980 |
| 6. Dr. Wayne F. Gersen | 07-1980 - 06-1983 |
| 7. Walter G. Phillips Interim | 07-1983 - 18-1983 |
| 8. Dewaine B. Craig | 08-1983 - 06-1993 |
| 9. Ronald D. Jenkins | 07-1993 |

Dewaine Craig serviced the longest term being 10 years of service to SAD # 44.

In 1969 Telstar High School had 43 teachers. Nine of the original faculty were here at the beginning of 1992-93 school year. They are as follows:

John Applin - Math Dept.

Theodore Davis - Principal, Telstar

Daniel Hannon - Physical Education Dept.

Sally Hannon - Guidance Dept.

Timothy Kersey - Science Dept.

William Morton - Social Studies Dept.

Felix Otero - Language Dept.

Richard Roy - Science Dept.

David Tripp - Graphic Arts Dept.

Organization's that were part of Telstar's 1968-69 school life were: Year-book, The Bridge (Newspaper), Library Club, Debating Club, Drama Club, Band, Majorette's, Men's Glee Club, Mixed Chorus, Electronics Club, Astronomy Club, F.H.A. (Future Homemakers of America), Student Council, N.H.S. (National Honor Society), Chess Club, and Cheering.

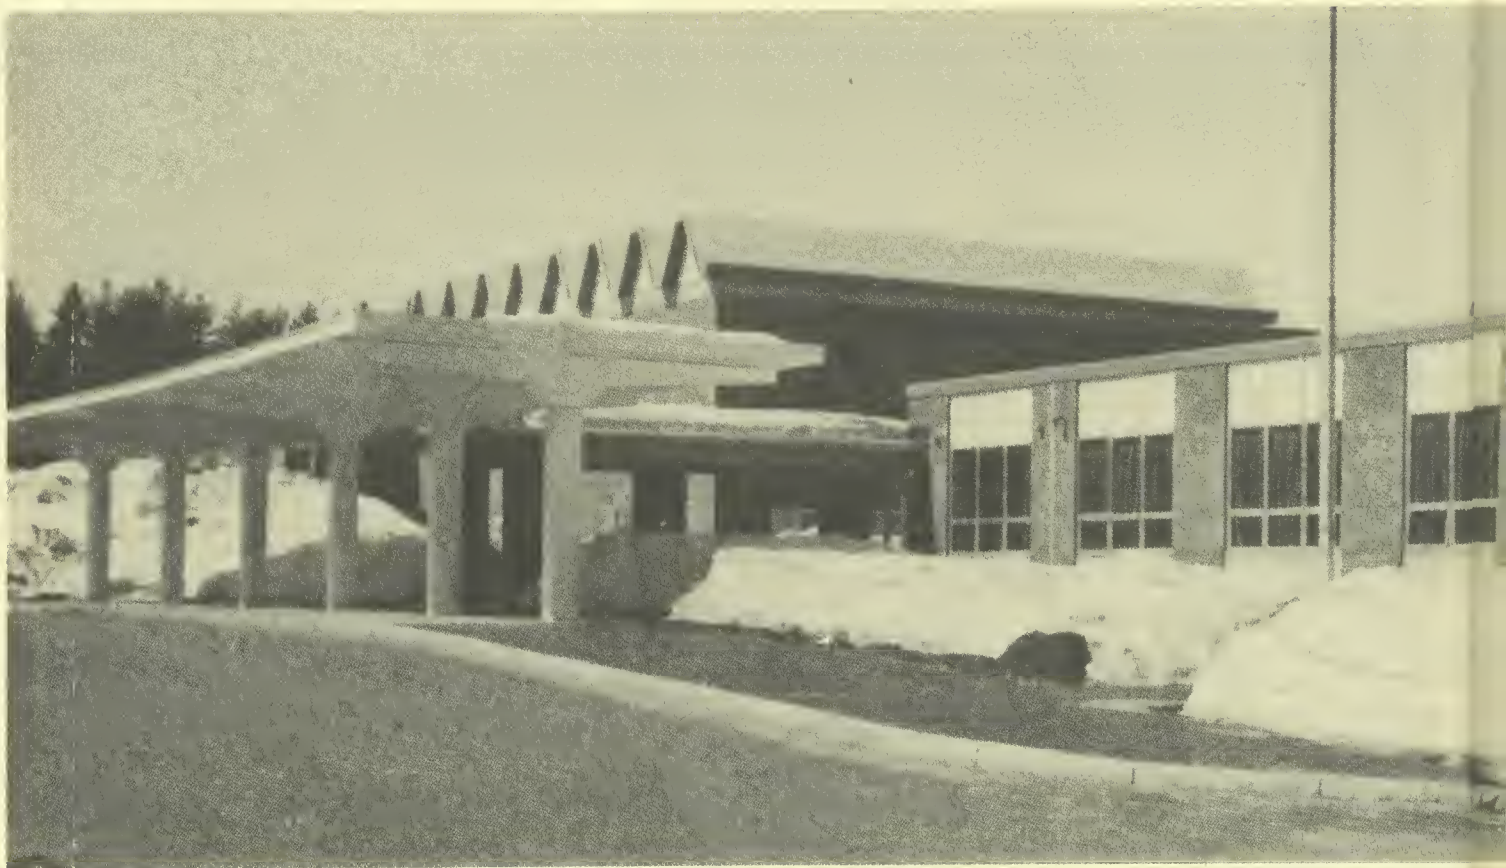

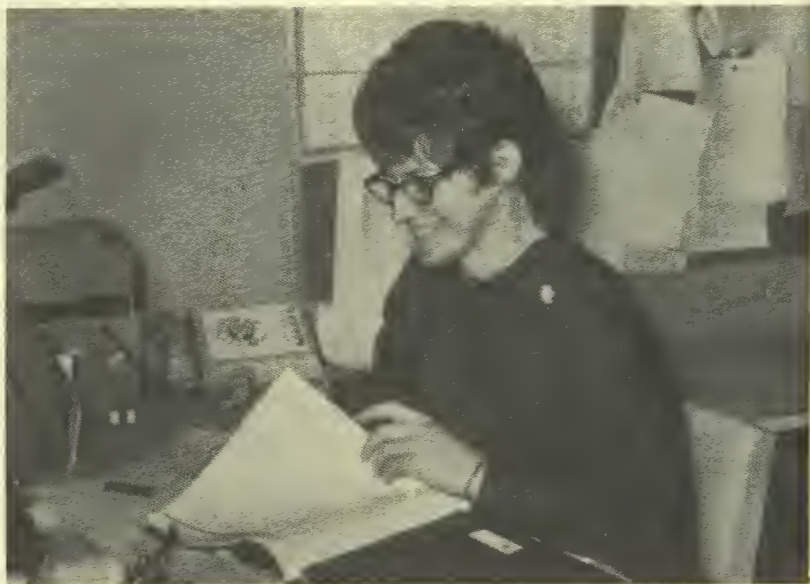

Sports were a large part of Telstar's student life in 1968-69. Those included: Field Hockey, Girls' and Boys' Basketball, Girls' Ski Team, Girls' Softball, Gymnastics, Football, Boys' Cross Country, Boys' Ski Team, Track Team, and Baseball.

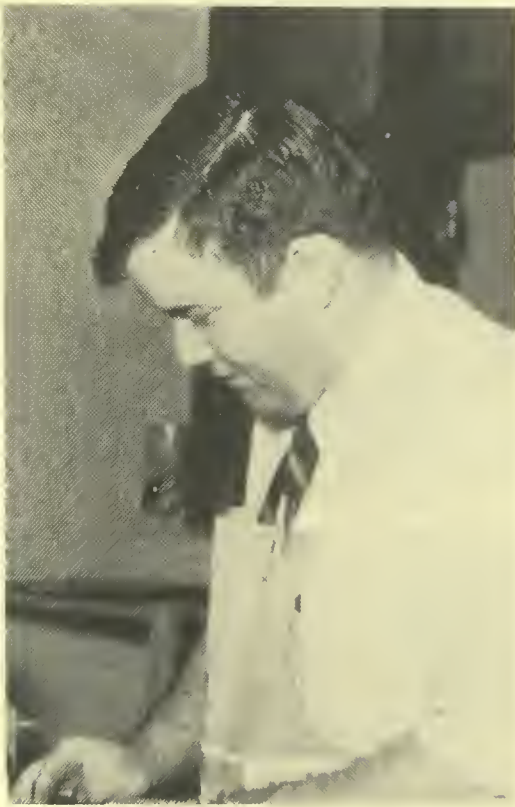

In Telstar's twenty-six years of service it has been Western Maine Champions in Class C Field Hockey in 1977, 78, 89, 90 and 91. Western Maine Champions in Class C. Basketball in 1974, 79, 88, and 89. State Champions Class C. Softball in 1991. State champions Skiing in 1970, 71, 73, 77, 78, 79, and 82. State Champions Boys in 1985 and 1992 and in Girls in 1986. Western Maine Class C Softball in 1991 and State Champions in Football in 1972 and 1973. Track was also a big part of Telstars sports. Several students captured track records over the years.

Amy Otero, Chris Davis, Virginia Kelly, Amy Howe, Amy Blake, Solai Buchanan, Scott Haines, Fred Burke, Ronald Savage, Rafael Gisin, Eric Dombkowski, David Kersey, Tony Butters, and Brad Wight.

Also during its twenty-six years, Telstar has offered many extracurricular programs to help improve student life at Telstar. A Crisis Intervention Team has been established to help students deal with any crises that may occur in their personal lives or crises that may involve the whole student body. A substance abuse team has been established to help with student awareness and help deal with personal substance abuse.

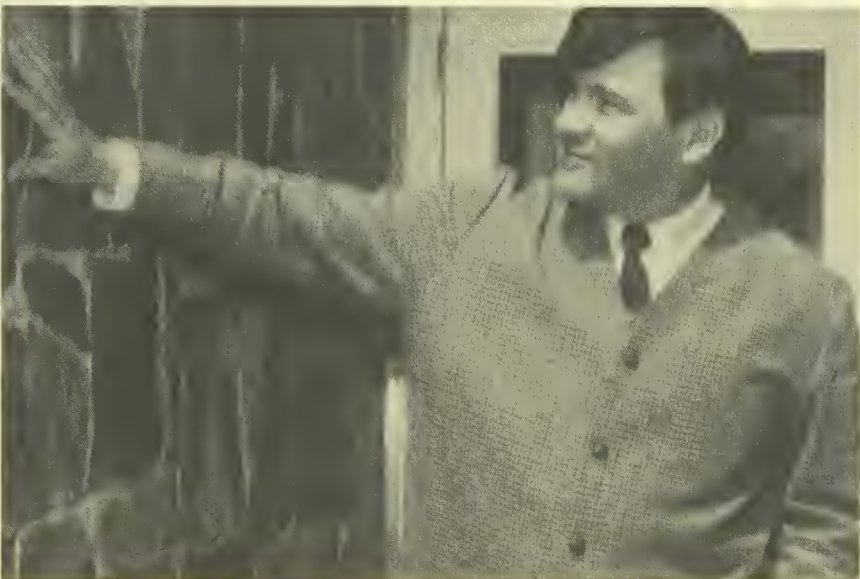

College bound students receive help in many areas of their journey toward their college life through programs initiated throughout Telstar's history. College fairs help students decide what college they want to attend. There are PSAT and SAT workshops to help students understand the testing process. There is help with SAT interpretation of the test scores and help with any questions that a student may have in understanding the score. Programs to assist with college applications, scholarship applications, and financial aid are available for students that are interested in furthering their schooling.

For those students choosing to enter the arm services there are military representatives from the different branches that visit the school and aid students in their career choice. The school also administers the AS-VVAB testing required to enter the military service.

Students that choose to enter the work force upon graduation have had an opportunity to be a part of the NOVA program. Students choosing to be involved in this program receive training education and credits in a certain career choice. This allows the student to graduate from high school with formal training and education in their career area.

Peer Tutors, Job Bank, Choices, Big Brother-Big Sisters, Upward Bound recruit-

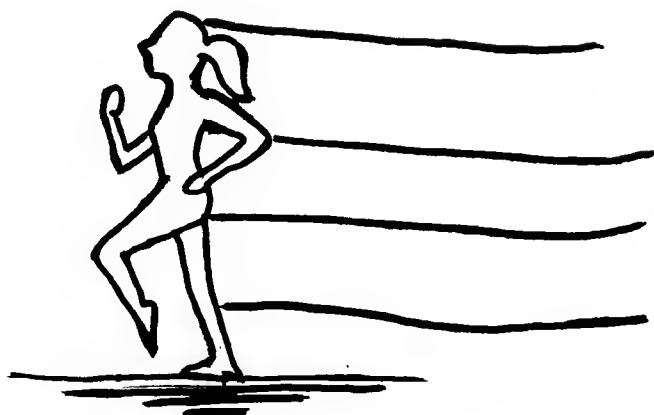

ment, Hoby Recruitment, Stepp-up day, Self Groups, R.Y.L.A. (Rotary Leadership Association), Boys State/Girl State, Maine Scholarship Day at UMO, Hugh O'Brien Youth Leadership Seminar, International Exchange Programs, Summer Enrichment, and Boston/Bethel exchange are programs offered to help round out student's life in the past and will continue to do so in the future.

Outward Bound and STRETCH are two programs that have also been a part of Telstar's History. Outward Bound giving the students a lesson in perseverance, working and coming together in an unforgettable adventure in the local wilderness. STRETCH brought Telstar and the local community together for learning, fun, and communication, allowing each sector knowledge of how the other sector functions.

This is just a brief history and highlights of Telstar High School from opening its doors in 1968 until now 1994. We apologize for any event or statistic that has not been accurate or left out though we have tried our hardest to be conscientious.

SPORTS

The 1993 Field Hockey squad continued many Rebel tradition on and off the field. Thirty four players succeeded in improving their hockey skills, cooperating with one another, surprising the other Mountain Valley Conference team and having fun!

Lead by the captain Melissa Howe, Angie Mills, and Cheri Myers, the varsity squad finished its season with a 7-4-2 record. The JV team found a 9-1-2 record, very rewarding. The Freshmen had an additional victory over the Leavett Hornets.

The season was highlighted by the continued improvement of both new and experienced players. Four players were recognized as Mountain Valley Conference All Stars-for their outstanding hockey play through out the season: Melissa Howe and Cheri Myers, first team; Misty Hutchins and Angie Mills; second squad-GREAT JOB T-E-A-M!!

TELSTAR GIRLS BASKETBALL 93-94 SEASON

With a winless season behind them, two new coaches, and the need to blend varsity, junior varsity, and freshmen into one team; things should have looked bleak for the Lady Rebels. But the 26 enthusiastic and determined girls who started the season committed themselves to working together as a team, giving 110% and a new beginning for girls' basketball at Telstar.

The Junior Varsity, coached by James McLon, started the season losing games by 20 points, at mid season were close, and were winning by season's end. Junior Varsity captains were Cora Gallagher and Jana Mason. The Varsity, coached by Raymond Seames, improved in all categories throughout the season, and became competitive in everything except total points scored. With more time, they would have conquered that too. Captains for Varsity were Jen Bean, Cheri Myers, and Laura Seames.

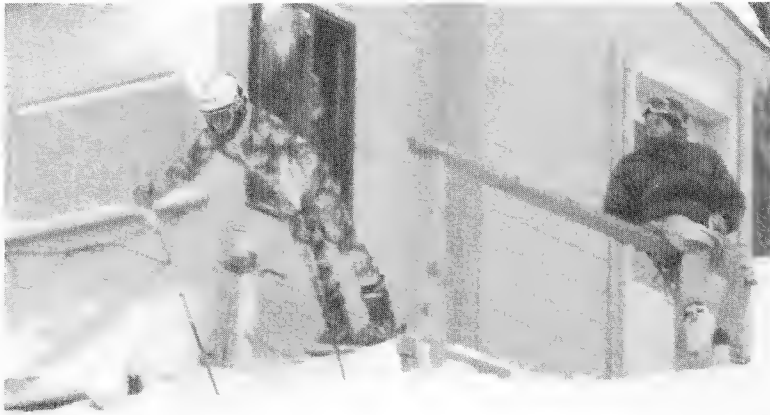

This year's seniors, who accepted our commitment to the future and still worked hard, deserve our thanks and special praise. They are the foundation upon which the team will build. With a strong elementary and middle school system developing, and a good summer ball program, we should be on our way to winning basketball.

FRONT (L-R) Jenn Bean, Cheri Myers, Laura Seames, MIDDLE (L-R) Sarah Richardson, Teresa Curtis, Jill Olson, Dawn Seames, Beth Howe, BACK (L-R) Jim McLon, Becky Chandler, MJ Learned, Amy Patten, Beth Craig, Sara Seames, Coach Seames
